Mr. Wisner (Cont'd.)

In this connection, Mr. Wisner noted that (1) the Director was vitally interested in this operation; (2) it might be necessary to lay this matter before the Director prior to his return to Washington on the 11th of April. Mr. Dulles stated in regard to (2) above he desired first to pull together all the facts in the [] case. Mr. Wolf discussed Trubee Davison's replacement and noted that he had been unable to contact the original individual he had in mind for this job due to this man's illness. After some discussion as to other possibilities, Mr. Wolf undertook to contact [] on 1 April concerning an individual now under consideration.

Mr. Hedden briefly discussed CAT and certain personnel problems connected therewith. Mr. Wisner suggested that Mr. Hedden contact some of our people on this problem who have just returned and who should have first-hand knowledge of the situation raised by Mr. Hedden.
